1	Navigation Bar	The Background is missing so when we scroll down the fixated feature gets non noticable	The background should be added to the nav bar to increase the visibility while scrolling	
		Placement and Syllabus Section	No link when clicked	
2	Hero Section	Star rating is 4	it should be 5	
		the spacing isnt utilised well	the portion can be secreated a bit in height and the coontents can be spread out a bit to utilise the space	
		Course fee	By adding the course Structure fee, EMI options etc.the candidate who have created an account came to know the fees, so if interested they can book the counseling	
				or a message like a "brochure successfully sent, pls check your email inbox"
		Download Brochure - Not working	Should be able to download brochure	
			should lead to some details page with choosing date and time and it should be able to collect data like name email ID, phone number of interested candidates in booking counselling session	
3	Technology Slider	only 5 technologies are mentioned	more technologies should be added .	
4	Dynamic Section of What's new section	All courses option is not working	Should direct to a webpage where all courses available is enlisted	
		New Courses Added are not visible to others it is only visible to the admin in the feaatured courses section and to rest it appears blank BUY NOW Button is also not functional	Once courses are added then it should be dynamically visible on the website all The BUY NOW option should direct the user to the payment page/gateway	
Profile Section after sign in as admin				
5	Dashboard	-	-	
6	Student	The list of students enrolled is visible but not the complete student info	On clicking on the icon of the student complete details of the student profile should be available to the admin	
		Assignment Number field is not needed as when manually entering chances of duplicacy is high	Instead, if an auto-generated code is assigned to each assignment being added then indexing assignments
